

## **Road closures and detours for Splash, Mash & Dash, June 19, 2010**

### **Estimated closure from 8 A.M. to 11:30 A.M.**

- Road closures are designed to minimize traffic passing through South Cove during the time of both the Adults' and Kids' Triathlons. Detours will be in place to allow traffic to enter and exit Eastman.
- Traffic entering Eastman at the main entrance will be directed onto Greensward Drive.
- Golfers who have tee times in the morning will be notified of possible delays and asked to allow extra time to get to the golf course.
- Recreation will be using the overflow lot on Greensward Drive for volunteer and (once the race starts) spectator parking. Volunteers and spectators will be shuttled from the overflow lot to the old fire house at South Cove.
- Vehicles arriving with kids after 8 a.m. for the Kids' Tri need to identify themselves and will be allowed down to South Cove.
- Any boats arriving to launch at the boat launch between 8 a.m. -11 a.m. will be allowed down to the launch but told to expect delays.
- Eastman Road will be closed at 8 a.m. from the upper Greensward location to the main entrance on Route 10. This portion will remain closed until the last biker has re-entered Eastman and passed the upper Greensward location.
- Traffic entering Eastman will share the road with bikers returning from Route 10 until reaching the lower Greensward entrance. There will be an established bike lane on the left-hand side and vehicles will travel on the right. Vehicle traffic will detour onto Greensward and bikes will continue on the Eastman Road.
- Eastman Road will remain open from upper Greensward to Road Round Lake going up to Snow Hill. Expect short delays.
- Triathlon traffic, shuttle van, kid entrants and boaters will be allowed down to the lake.
- To maximize safety on the Kids' Bike Course we will close Wellfield from Buck Common to Road Round Lake. Traffic coming out of Hummingbird will only be able to turn right. Road Round Lake will be closed from the firehouse to Whip-Poor-Will and Warbler Way.
- Traffic north of South Cove will be detoured north to the North Entrance or Bear Drive to exit Eastman.
